

# PE, VC investments in real estate touch \$2.99 billion in Jan-Aug: IEBF

*"Private equity investments in real estate are estimated to grow to USD 100 billion by 2026 with Tier 1 and 2 cities being the prime beneficiaries," IEBF said in a statement.*PTI | November 07, 2018, 08:09 IST

NEW DELHI: The Indian real estate sector has attracted nearly USD 3 billion as

private equity and venture capital investments during January-August 2018, according to [Indo-European Business Forum \(IEBF\)](#).

IBEF, at its recently held 2018 summit in [London](#), discussed the real estate sector's potential to reach USD 1 trillion by 2030, becoming one of the largest growing sectors in the Indian economy.

"The growth witnessed by the Indian real estate sector has made it a lucrative sector for investment as private equity and venture capital investments in the sector reached USD 2.99 billion during January-August 2018.

"Private equity investments in real estate are estimated to grow to USD 100 billion by 2026 with Tier 1 and 2 cities being the prime beneficiaries," IBEF said in a statement.
